About us

To make the finest you must invest in the finest! Rossen prides itself on its unwavering commitment to quality, innovation and traceability. Using only the finest fruits from the lush fields of Iran, Rossen has established one of the most advanced and innovative facilities in the world. Blending cutting-edge manufacturing technology with a state-of-the-art onsite laboratory, and an ongoing commitment to training and education; Rossen has achieved the highest levels in food safety accreditation (FSSC 22000, HACCP; and ISO 22000). Rossen offers a complete range of custom-tailored raisin and date products. Through research, growth and innovation, we continue to be a leader in our industry. From our fields to your table we care!

DATE Syrup

Date Concentrate

Ingredients:

Date (various)

Also called "Date Honey" or "Silan", Date syrup is a thick, caramel-colored sweetener made from our Iranian date. Its intense, concentrated sweetness proves to be an ideal, lower glycemic alternative to honey, maple syrup or refined sugar. Date Syrup is also rich in nutrients and antioxidants.

A stylized green leaf illustration on the left side of the page, partially overlapping the title.

DATE Paste

Homogenized paste without pits and skin

Ingredients:

Date (various)

Considered by many health aficionados to be “the ultimate natural sweetener”, date paste is a nutritious substitute for white sugar due to the high levels of nutrients, fiber and antioxidants. Perfect for baking.
